CERTIFICATION OF APPRECIATION

On behalf of **Fludor Benin S.A.**, I would like to place it on record our satisfaction working with **Interarch Building Products Private Limited**. Irrespective of logistics, handling equipment and installation challenges in West Africa, we appreciate the efforts put by the team during the entire tenure of the project.

A special thanks to the Project Site Engineer Mr. C.T. Hanumantha Rao for his hard work and co-ordination with local installation teams in helping us making this challenging project a success.

Interarch team completed design, fabrication and container stuffing of the entire prefab building and helped erection of the building in Benin Republic.

We complement and thankful for their Corporate team, Chennai Plant team and Execution teams of **Interarch** for successful completion of our Benin Project. We wish them all the best.

For **FLUDOR BENIN S.A.**
